

Hey there *(Client Name)*,

I'm so glad you are enjoying the photos from our recent session together, thank you for posting some of them too! I just wanted to quickly let you know that adding a filter to the photo does go against the contract you signed, so if you wouldn't mind removing it and re-uploading photos I sent in your gallery instead I would appreciate it so much.

Please don't feel like you're in trouble, this happens all the time so you're not the first person I've had to ask! I work hard to make sure all my editing and work is consistent and represents who I am as a photographer, and that also includes my editing style.

I had a blast working with you and I hope we can do it again in the near future,

Thank you!

*(Your Name)*
